

TSUKUBA Creative Camp Advanced

For students interested in
launching startups!

Starts
Oct. 1!

Tsuyoshi NOMURA, Associate Professor

Akira MORIKAWA, Visiting Professor

Mr. Akira MORIKAWA, CEO of C Channel, and entrepreneurs from the University of Tsukuba will mainly serve as mentors to help refine your business plan. You'll learn practical commercialization methods, including the Customer-Problem Fit and Solution-Problem Fit processes. On the final day, a pitch event will be held with investors and entrepreneurs. We support the launch of student startups. International students are welcome!

Lecture Flow

Mentoring is available from mentors during lectures and through online tools.

Submit your business idea ahead of the first class. Faculty and mentors will review it to provide feedback and use it as a reference for team formation. Submission details will be announced via manaba and other platforms.

Faculty Introduction

Tsuyoshi NOMURA Associate Professor

He has extensive experience at Subaru Corporation, specializing in development of occupant protection performance during collision accidents. Since 2018, he has been a Technology Transfer Manager at the University of Tsukuba, facilitating private joint research and managing intellectual property. Appointed as an entrepreneurial faculty member in April 2023, he currently teaches multiple entrepreneurship-related courses and supports startup consultations within the university.

Akira MORIKAWA Visiting Professor

After working at Nippon TV and Sony, he joined Hangame Japan (now LINE Corporation) in 2003. He was appointed CEO in 2007 and stepped down in 2015. In the same year, he founded C Channel Inc. and became its CEO.
